

# Spotlight on Daycare in Children's Centres

Issue: 02

Date: 14.03.11

Following on from last weeks Spotlight and our email to management about our concerns, Jane Goodyer has contacted UNISON to discuss the review.

We will be attending a general abc briefing on Friday 18 March to be updated on the progress of the review of Day Care in Children's Centres. We will arrange subsequent meetings to ensure a closer involvement in the process.

We expect that management will share details of all the proposals discussed at each of the Centres so UNISON can assess the impact upon members and the services they provide.

If you wish to receive these spotlights direct, please forward details of your email address to Dawn Palmer-Ward at the address below.
